

District #11 Minutes
September 28, 2011

Squads attending: Grafton, Londonderry, Stratton Mtn Rescue, Springfield Hospital, Ludlow

Meeting called to order at 19:05 at Grafton Rescue/Fire Station.

Treasurer and Secretary reports tabled until next meeting.

Training Report: No information on District #11 trainings. Rescue Inc has started a new EMT-B course in Putney, VT, which started last week. Carl will follow up on training status with Aaron.

Medical Director's Report: Springfield Hospital has open 25 additional beds. This has decreased transfers to other hospitals.

Old Business: Carl checked on lap top computers that were purchased years ago. Scott told Carl that one was dropped off in the southern district, but no one has reported finding it. If a service has it, please contact Carl.

Emergency vests from the VT EMS have been received. Carl has them and will be dropped off at the Ludlow Ambulance for pick up.

Question came up concerning VTAC channels for MCI's for squads responding on a mutual aid basis. District #11 has two MCI trailers- the mini is in Londonderry and larger one in Ludlow.

MCI drill on hold for now. This could be planned for next spring.

New Business: Stratton Mtn Rescue is going to District #12. They will handle the paperwork in this process to change over from District # 11.

Re-newel on licenses is due November 1, 2011. Look for updates on this date from VT EMS office. Please call them if you have not received your paperwork.

Next meeting in Bellows Falls Fire for November 16, 2011.

Meeting adjournment at 19:55.

Respectfully submitted.

Cathy Siano-Goodwin
